

Providing neat and clean filtration solutions

INNOVATIVE
FILTRATION SOLUTIONS
FOR A CLEANER
TOMORROW!

At ARV, we offer comprehensive range of ready to install filter media crafted from virtually all types of fibers extending our process expertise and in-depth knowledge of bag filter technology regardless of the equipment origin, we are committed to delivering guaranteed performance with our filters. Our Vast experience in the field of design manufacturing & selection of filter media for wide range of applications gives us strong leverage in Dry, Wet & liquid filtration industries.

ARV Filter Bags Product Range

Filter Bags

Pleated Filter Cartridges

Filter Press Cloth

Paint Arrest filter

FBD Bags

Filter Cages

Liquid Filters Bag

Pre Filter and
Hepa Filters

Media Finishes

- Microporous ePTFE membrane
- Singed
- Calendered
- Various types of coatings

Protective Treatment

- Acid Resistant Treatment
- Full Bath Oil & Water Repellant treatment
- Full Bath PTFE treatment
- Antistatic
- Flame Retardant for Fire & Sparks

Filter Media Guide

Filter Media	Temperature °C (Dry)		Acid Resistance	Alkali Resistance	Hydrolysis Resistance	Oxidation Resistance
	Continuous	Peak (Short Duration)				
Polypropylene (PP)	90	95	Excellent	Excellent	Excellent	Good
Polyester (PE)	145	150	Good	Limited	Limited	Good
Co-Polymer Polyacrylonitrile (C-PAN)	115	120	Fair	Fair	Excellent	Good
Homo-Polymer Polyacrylonitrile (H-PAN)	125	140	Good	Fair	Good	Good
Polyphenylene Sulphide (PPS)	190	200	Good	Fair	Fair	Limited
Meta-Aramid (MA)	200	220	Good	Good	Good	Excellent
Polyimide (PI)	240	260	Good	Fair	Good	Good
Fibreglass (FG)	260	280	Fair	Fair	Good	Excellent
Polytetrafluoroethylene (PTFE)	250	280	Excellent	Excellent	Excellent	Excellent

Value Added Services

Bag failure analysis

Bag life prediction analysis

Leak Detection Test

Computational Fluid Dynamics (CFO)

Troubleshooting

Installation and commissioning

Training for operation and maintenance

Comprehensive, upgrade solution

Based in Pune INDIA, our manufacturing unit is spread across 5000 Sqft. Equipped with modern machineries & well trained operational team.

Tensile Strength Tester

Air Permeability

Burst Strength Tester

Filter media weight Tester

Thickness Tester
